2021: A Year In Review

Looking back at 2021 — another year of the coronavirus pandemic — the year will still be remembered as a year of opportunity and success for The Citizens for Brentwood Green Space (CBGS). We are pleased to provide this report on the activities of the corporation and accomplishments in 2021 as well as presenting the goals and objectives that we are planning to pursue over the next year.

Mission

The Citizens for Brentwood Green Space, Inc. is a volunteer citizens group organized as a 501(c) (3) nonprofit corporation. Our mission is to preserve open space in the form of parks, trails, historic sites, and flood plains while being sensitive to the rights of landowners and developers. CBGS desires to assure that ongoing development of land resources is accomplished in a way that is beneficial to landowners, to existing citizens of the city and to future generations of Brentwood residents.

Major Activities and Accomplishments in 2020

1. Our People

People are an important and essential asset to the development and growth in any organization. This is particularly true of volunteer organizations that rely on the passion and dedication of people that share an interest in the mission and are willing to promote that with others in their communities.

CBGS has a strong, dedicated board that is willing to work hard and help us achieve our goals. Their enthusiasm and experience have positioned our organization for future success. Officers that served during 2021 included: President - Gil Hutchinson, Vice President - Joe Harkins, Treasurer - Kelli Nelson, and Secretary - David Kumatz.

Board members continue to be involved in giving back to their community through participation in a wide variety of community organizations. A number of our Board are engaged in local civic organizations such as Leadership Brentwood for example.

The following board members also served on these City boards during 2021:

- Chris Cummins, Environmental Advisory Board

A number of our board members have previously served on City boards in the past as well.

2. Community Engagement

In years past, CBGS has been a frequent speaker around the community with local organizations and at public hearings and City Commission meetings. The pandemic put a halt of course to much of this, but our web and social media sites remain accessible to the community and provide valuable content and updates. We have a strong and valued relationship with the local media and are often sought to provide quotes or topics on items of interest to the local community.

We were unable to host our annual "A Walk in the Park" fundraising event at Marcella Vivrette Smith Park this year due to COVID-19. Funds raised from past community events and sponsorships, as well as private donations, totally over \$300k to date, have provided funding towards the renaming of "Miss Peggy's Bark Park" and the purchase of the future Windy Hill Park.

Our Goals in 2022

Private donations help provide amenities and maintenance support in our parks. At the dawn of 2022, we are focused on the future and have well defined goals in place. We are committed to making "Brentwood Green Space" a name that carries meaning with it. We want people to know we are a link to nature, whether through getting citizens to work together towards a common goal of helping the City with land acquisitions and improvements or by providing a focus for the preservation of green space throughout our community for generations to come.

Regards,

Gil Hutchinson
President
