3b) Whom does this program benefit?

The project benefits local international college students and disadvantaged families.

3c) What problem or need did this program resolve?

This project fed people who couldn't have home cooked Thanksgiving dinner with their family. This was an opportunity for fellowship opportunity for members of our council and Parish with the community.

3d) Why did the council select this program?

Members of the community as well as international students from the local university were invited to this event. Local disadvantaged families were invited to attend this event. These families regularly attend the community's More-Than-A-Meal and have no place to stay during Thanksgiving. This event would allow these families the to eat a meal on Wednesday and take food home to eat on Thanksgiving Day.

3e) Describe the success of the program:

Over 200 people from the council, Parish and community attended this event. The attendance far exceeded our expectations for this event. The leftover food was donated to the local pantry and taken home by disadvantaged families and international students.
